Briathrachas Gàidhlig co-cheangailte ri rainich is lusan caidreabhach

Gaelic vocabulary associated with ferns and their allies

Terms used in English, not listed below, but which derive from Latin or Greek (eg *gemma, indusium, paraphysis*): it is recommended that the 'English' term is employed.
The letter code attached to the Gaelic name refers to source as follows:
FB = Am Faclair Beag (http://www.faclair.com)
D = Dwelly (Illustrated Gaelic Dictionary)
E = Established or in use
M = MacThòmais (Bith-Eòlas, Gairm, Glaschu 1976)
N = Neologism

Beurla	***Gàidhlig***	***Gnè ainmeir (B/F)***
